## Products

### Hainich Spring Forest - 2 Immersive Nature Films

#### Immersive Nature Films:

Hainich Spring Forest 1 - Germany, Hainich Spring Forest 2 - Germany  
Primeval Woodland in the North of Germany. Magnificent nature with deciduous trees, European beech in particular, reaching up to the sky. Orchids grow in the shade of dense vegetation and beautiful legions of wild garlic cover the floor in spring. Listen to the soft breeze between the trees, the birds, its a wonderful recovery for body and mind in a peaceful area.

### Southern England - 2 Immersive Nature Films

#### Immersive Nature Films:

England South Coast - England, The South - England

Enjoy two meditative "Slow Movement" Natural sceneries with natural sounds filmed in Southern England by Maxx Hermann. These films with beautiful views of the landscapes and the sea will help patients relax, restore energy and reduce long - and short-term stress triggers. There is something for everyone to see on this coastal stroll between the downs and the sea.
